WELCOME DEAR FRIENDS OF MOZART!

Mozart's legacy has been taken care of since 1880 by the International Mozarteum Foundation, a private, **non-profit-making institution**. Mozart's two sons and his widow Constanze donated his direct estate to the institution and it is constantly being extended. Friends of Mozart from all over the world support our initiatives in three core areas: concerts, research and museums. Only through **private commitment** can this priceless legacy be preserved in the long term and continue to be made accessible to the general public.

Mozart's Heritage – Our Cultural Legacy!

DONATION FOR MOZART RESEARCH

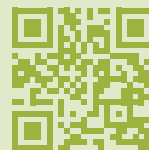

Purchase of
autographs
and / or letters

We need your support so that we can
extend, foster and disseminate
knowledge about Mozart's life and work.

The originals in our collections and the
library require conservational storage
methods. Taking care of the catalogues and
bibliographies involves an enormous amount
of work, and it is a challenge to maintain
free access to our digital Mozart editions
and collections.
